**Description**

At the Suricon2018 it was requested to add better support for detection of protocols w/o implementing full parsers.

Pierre, could you fill in more details of what you have in mind?

#2 - 11/01/2019 03:08 PM - Philippe Antoine

Are there specific protocols in mind?  
What is the use case?  
We have to watch for evasions to use this in a rules context...
