<td>Label:</td>
<td>Outreachy</td>
</tr>
</tbody>
</table>

#### Description

Currently, all the code for matchers happens to be in main.py which makes it quite cluttered. Make a separate matchers.py and integrate it in main.py

#### History

**#1 - 03/12/2019 11:23 AM - Shivani Bhardwaj**
- Label Outreachy added

**#2 - 03/12/2019 11:39 AM - Shivani Bhardwaj**
- Assignee deleted (Shivani Bhardwaj)

**#3 - 03/12/2019 01:18 PM - Vagisha Gupta**

Hi,

I am an outreachy applicant. I am working on fixing this issue.

Please assign this issue to me.

**#4 - 03/12/2019 02:27 PM - Shivani Bhardwaj**

Vagisha, please follow the contribution guidelines as communicated over the email to you.
