- Due date set to 10/31/2011
- Target version changed from 1.1beta3 to 1.1rc1

#2 - 10/30/2011 07:16 AM - Victor Julien
- Priority changed from Normal to High

#3 - 10/31/2011 08:45 PM - Eileen Donlon
- File 0001-set-layer4-protocol-when-no-ipv6-extension-headers.patch added
- % Done changed from 0 to 100

Fixed bugs where layer 4 protocol was not set if there were no ipv6 extension headers. This resulted in fast.log showing the default protocol, which is ip.

#4 - 11/01/2011 04:26 AM - Victor Julien

Patch applied, thanks Eileen!

Keeping the ticket open pending investigations of related & similar issues.

#5 - 11/03/2011 04:56 PM - Victor Julien
- Status changed from Assigned to Closed

I see you opened a new ticket so closing this one. Thanks!
