- Status changed from New to Assigned
- Assignee changed from OISF Dev to Philippe Antoine
- Priority changed from High to Normal

First minimal doc for ipv6.hdr has been added to master, but it would be nice to have a real example with it. Maybe a check that the mtu is <1280? While at it, a SV test would be great!

**#5 - 03/12/2020 08:11 AM - Philippe Antoine**

a SV test would be great!

I hacked you back in time and:

- Label Needs backport added

Backport would be good. 5.0.x only as the keywords don't exist in 4.1.x
