Hello,

Has anyone encountered such bugs before?

See picture below

Thank you

History

#1 - 02/25/2020 10:58 AM - Victor Julien
- Tracker changed from Bug to Support
- Subject changed from ERRCODE to errors/warnings at startup
- Priority changed from Immediate to Normal

#2 - 02/25/2020 10:59 AM - Victor Julien
The problem is that the Suricata version is very old: 2.0.7. Please make sure you use at least 4.1.7.

#3 - 04/26/2020 11:22 AM - Victor Julien
- Status changed from New to Closed
