Suricata - Feature #3512
stream depth event rule
03/04/2020 04:26 PM - Andreas Herz

Status: Assigned
Priority: Normal
Assignee: Victor Julien
Category:
Target version: 7.0beta1
Effort:
Difficulty:
Label:

Description
It might be helpful to introduce a stream depth event rule to validate if it's working as expected and to get an overview of possible elephant flows
