## Description
Integration of any available tools in Rust to check test coverage of the Rust code. Creation of tool to do the same for C?

## History
### #1 - 01/29/2021 08:24 AM - Victor Julien
- Tracker changed from Feature to Task
- Subject changed from Tool/integration of tool for testing the coverage of code to ci: Tool/integration of tool for testing the coverage of code
- Status changed from New to Closed
- Assignee set to Victor Julien
- Target version set to QA

Codecov support integration takes care of this.
